

## **GIBA Welcomes BA Return to Guernsey**

The Guernsey International Business Association (GIBA) welcomes British Airways (BA) returning to Guernsey after more than 15 years with the introduction of two new routes to London City Airport and Edinburgh.

We believe the introduction of the new routes demonstrates confidence in Guernsey and the potential for future links. Connectivity is a key area of focus for GIBA and our members, we believe the move is very positive for our sector and the island's economy.

Whilst we appreciate the flights that have been announced will largely appeal to people travelling for leisure, our members welcome in particular, the introduction of the London City route.

Paul Hodgson, GIBA Chair
